The [Idea Puzzle software](#) is a decision-making tool that helps PhD students coherently align the theory, method, data, rhetoric, and authorship of a research proposal, article or thesis in the light of Philosophy of Science ([Morais & Brailsford, 2019](#)). To date, the Idea Puzzle software has helped design more than [5000 research projects](#) worldwide. The Idea Puzzle free webinar was hosted by 87 higher education institutions in 22 countries.

One month before and after the Idea Puzzle free webinar, any registration at www.ideapuzzle.com with an email ending with 'tuiasi.ro' will have free access to the Idea Puzzle® software.

From 1.12.2020 onwards, any registration at www.ideapuzzle.com with an email ending with 'tuiasi.ro' will have free access to the Idea Puzzle software. As agreed with CSUD TUIASI, the free trial will last until the end of February, 2021.
